

Into 2009

Inaugural Meeting of the Israeli Society for Cancer Research (ISCR): 17th February, 2009

Isaac P Witz, President ISCR, addresses the Inaugural meeting

EACR was very pleased to be invited to support and attend the inaugural meeting of the Israeli Society for Cancer Research. The meeting was held at the University of Tel Aviv and was attended by close to 600 participants.

EACR President, Anne-Lise Børresen-Dale, gave a keynote talk at the meeting and EACR awards were made to the authors of the three best posters in an impressive and wide ranging presentation of current work.

After the scientific session, Anne-Lise Børresen-Dale and EACR Executive Director Robert Kenney, met with the Board of the new Society to discuss routes towards partnership and collaboration, and to provide information about National Society Membership of EACR.

Reports on the ISCR Inaugural Meeting and the IACR Annual Meeting will be posted on the EACR website Newsletter Page when the online edition is uploaded.

Irish Association for Cancer Research (IACR) Annual Meeting: 5th and 6th March, 2009

The IACR meeting was held in Athlone, Ireland, and was attended by over 250 participants during the course of two days.

EACR was very pleased to be invited to attend the meeting and to provide information to delegates.

EACR sponsored the 'State of the Art Lecture' given by Carlos Caldas on 'Translating Breast Cancer Genomic Landscapes into Clinical Application' and made 'EACR Researcher Awards' to Darran O'Connor and Andrea Valentine – who were selected by the Scientific Programme Committee to give oral presentations at the meeting.

Darran O'Connor

Andrea Valentine

During the meeting, EACR Executive Director, Robert Kenney, EACR discussed National Society Membership with the IACR Council

EACR Researcher Awards in London and Amsterdam

EACR attended scientific meetings on 'The Cancer Degradome' (8-9 Oct. 08, London) and Mitosis and Cancer (26-27 Feb. 09 Amsterdam) presented by Abcam – an EACR sponsoring partner.

The meetings were highly valued by participants and EACR took the opportunity to provide information about the Association's activities.

At each meeting, EACR made a 'Researcher Award' to the author of the best abstract submitted to the Scientific Programme Committee. The award winners gave an oral presentation of their work
